Independent Auditor's Report

Members of the State Appeal Board of Iowa
Des Moines, Iowa

We have audited the accompanying financial statements – modified cash basis of the State Appeal Board of Iowa, as of and for the year ended June 30, 2010, as listed in the table of contents. These financial statements are the responsibility of the State Appeal Board of Iowa's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 1, these financial statements were prepared on a prescribed basis of accounting that demonstrates compliance with the modified cash basis and budget laws of the State of Iowa, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

As described in Note 1, the financial statements of the State Appeal Board of Iowa are intended to present the assets and liabilities arising from the modified cash basis transactions and modified cash receipts and disbursements of only that portion of the General Fund of the State of Iowa that is attributable to the transactions of the State Appeal Board of Iowa. They do not purport to, and do not, present fairly the financial position of the State of Iowa as of June 30, 2010 and the changes in its financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America. Because the financial statements present only the State Appeal Board of Iowa, and do not purport to, and do not present the financial statements of the General Fund of the State of Iowa, management has chosen not to present a management's discussions and analysis for the State Appeal Board of Iowa.

In our opinion, the financial statements referred to above present fairly, in all material respects, the assets and liabilities arising from the modified cash basis transactions of the State Appeal Board of Iowa, as of June 30, 2010, and its modified cash receipts and disbursements for the year then ended in conformity with the basis of accounting described in Note 1.

In accordance with *Government Auditing Standards*, we have also issued our report dated January 13, 2011, on our consideration of the State Appeal Board of Iowa's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

We did not audit the Schedule of Tort Claims and General Claims included as supplementary information. This information has not been subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

State Appeal Board of Iowa

Notes to Financial Statements

Note 1. Reporting Entity and Significant Accounting Policies

Reporting Entity:

The State Appeal Board of Iowa (the Appeal Board) consists of the Auditor of State, the Treasurer of State and the Director of the Department of Management. The Appeal Board's actions are governed by various chapters of the State Code of Iowa (the Code). Chapters 25 and 669 of the Code require the Appeal Board to determine the disposition of general and tort claims against the State of Iowa (the State) or its employees, based on recommendations of the State Attorney General's office. An annual report of tort claims and judgments paid and general claims denied is made to the General Assembly.

The Appeal Board is considered an integral part of the State reporting entity. The accompanying financial statements present only that portion of the General Fund of the State that is attributable to the transactions of the Appeal Board.

Significant Accounting Policies:

Basis of Presentation – Fund Accounting: The accounts of the Appeal Board are organized on the basis of a fund. The operations of the fund are accounted for by providing a separate set of self-balancing accounts which comprise its assets, liabilities, fund balance, receipts and disbursements. The fund of the Appeal Board is as follows:

Governmental Fund Type: This is the fund type through which most governmental functions typically are financed. Expendable assets are assigned to the Governmental Fund according to the purpose for which they may or must be used, current liabilities are assigned to the fund from which they are paid and the difference between Governmental Fund assets and liabilities, fund equity, is referred to as "fund balance." The measurement focus is on receipts and disbursements rather than on net income determination.

General Fund: The General Fund comprises the Appeal Board's Governmental Fund Type. This fund is the general operating fund of the Appeal Board. All State legislative appropriations and other receipts not allocated by law or contractual agreement to another fund are accounted for in this fund.

State Appeal Board of Iowa

Notes to Financial Statements

Note 1. Reporting Entity and Significant Accounting Policies (Continued)

Basis of Accounting and Appropriation: The Appeal Board uses a modified cash receipts and disbursements basis of accounting. The Appeal Board appropriation revenues are received on the basis of a standing unlimited appropriation from the State Legislature. Such an appropriation provides receipts for the payment of all disbursements approved by the Appeal Board. Therefore, appropriation receipts are recorded when disbursements are recorded. General and tort claims are recorded as disbursements when paid. Administrative claims are recorded as disbursements in the fiscal year if ratified within 60 days after the fiscal year. Settlements and judgments are recorded as disbursements and receipts when ratified. Accordingly, the accompanying financial statements do not purport to present the information therein in accordance with U.S. generally accepted accounting principles, which requires the use of the accrual or modified accrual basis of accounting.

Note 2. Officials

The following is a summary of officials as of June 30, 2010:

Name	Title
Appeal Board Members:	
Richard C. Oshlo, Jr. - Chairperson	Director, Department of Management
David A. Vaudt - Vice Chairperson	Auditor of State
Michael L. Fitzgerald - Member	Treasurer of State

Risk Manager - Joseph D. Barry

Note 3. Contingencies

The Appeal Board has the authority to approve or deny general claims less than five years old and ratify tort claims not over \$5,000. Further, all tort claims, whatever the amount, must be filed through the Appeal Board.

The Attorney General's office, on behalf of the State of Iowa, has the authority to approve or deny all tort claims.

State Appeal Board of Iowa

Schedule of Tort Claims and General Claims (Unaudited) Year Ended June 30, 2010

As of June 30, 2010, the following tort claims and general claims are pending before the State Appeal Board (unaudited):

Tort claims:

Contingent highway tort claims	\$ 9,485,667
Contingent highway tort lawsuits	12,112,182
Contingent tort claims for the State General Fund (1)	171,751,220

General claims, contingent general claims of various
State departments

15,000

Total

\$ 193,364,069

- (1) This balance represents the total claim amount of all pending tort and other statutory or constitutional claims and cases against the State. In the aggregate, tort claims liability is estimated at approximately \$18 million.

In addition to the above claims and lawsuits, there are also claims and lawsuits against the State for which no dollar amount has been specified.
